# Decorator Combination Devices

ADD CONTROL, FUNCTION AND STYLE —  
WITHOUT TAKING UP MORE SPACE.

 **legrand**<sup>®</sup>

---

**Pass & Seymour**

# Doing more

to add functionality, reduce clutter and solve problems.

**Our complete line** of innovation-packed Decorator Combination Devices — including a broad selection of GFCI combinations — brings you stylish ways to install more function into any wall box. With these versatile devices, you have more opportunities to simplify new installations — plus cost-effective, timesaving solutions to remodeling problems.

Make nighttime navigation automatic. LED lighting is cool to the touch, remarkably energy efficient and durable. So we created built-in LED nightlights. Perfect for bathrooms, hallways, stairs, kitchens, nurseries, and more.

TM81111WCC  
with TM8LMCC

**Impact-resistant face and body** — stand up to constant, hard use.

**Full wrap-around strap with lock-in tabs** for enhanced durability.

## P&S EXCLUSIVES!

**Complete selection** — two-, three-, and four-switch combinations available.

**Intuitive up-and-down switching** — user preferred.

**Identification modules** (sold separately) for light, fan, and heat-lamp functions.

**Snap-in light module** (sold separately) — transforms any P&S Switch Combination into an illuminated device in seconds. No need to stock or order additional devices.

**External screw-pressure-plate side and back wiring speeds installation;** accepts #12 and #14 AWG. All screws are tri-drive for convenience.

**Patented split circuit tab** — easily accessible; can be reinstalled without tools.

| Catalog Number | Description   |
|----------------|---|
| TM811*†        | Two Single-Pole Switches                                  |
| TM811-PL*      | Two Single-Pole Switches with Pilot Light                 |
